

Beginning with the Summer 2009 semester, students taking internet courses will no longer need to register in "on-campus internet" and "off-campus internet sections". All internet courses will simply be designated as internet. Students will now pay the same rate for internet courses whether they are on or off campus.

If you were enrolled in an internet course for the summer or fall term, you may see that your registration has been adjusted to reflect this change and the new tuition schedule as listed below. If you had been on a waitlist for a course and the combining of sections allowed for additional spaces, you may have been registered for the course, or would have been placed back onto the waitlist, depending on how many spaces became available and where you were on the waitlist. Please take time to review your summer and fall schedules. You may make adjustments to your schedule through WebAdvisor as needed.

The tuition rates follow:

Summer 2009-Spring 2010 Undergraduate Internet: \$253.95 per credit hour

Summer 2009-Spring 2010 Graduate Internet: \$337.05 per credit hour

GPIDEA Tuition Rate through Summer 2009: \$415.00 per credit

These rates are for all internet courses with the exception of Nursing (NURS), Health Science (HSC), Health (HLTH) and Pharmacology (PHA) internet courses as there may be additional fees that apply.

If you have any questions or concerns, please feel free to contact us at distance@sdstate.edu or by phone at 605-688-4154.

Thanks!
